Kerala Knowledge Economy Mission

Request for proposal for selection of online skill Training provider

RFP No: 2023_KDIC_605080_1

Based on the pre-bid meeting conducted on 27th October 2023 the followingclarifications are issued as answer to the RFP issued by KKEM.

Q No	Questions	Answers
1	Should the agency centrally provide Mentorship and Career Support?	Mentorship and Career Support is not a mandatory component. However, Provision for appropriate mentorship and career support throughout the course curriculum is desirable.
2	Could you provide more details about API Integration?	The online platform needs to be integrated with Digital Workforce Management System (DWMS) of KKEM.
3	Is English the medium of delivery for the content?	The language of delivery should primarily be in English. However, the party should be prepared to develop content in Malayalam when deemed necessary at a later stage.
4	Is the time duration of the course is fixed?	No
5	Number of learners KKEM is looking for each year?	60000(Approx)
6	On what Technology the DWMS platform is hosted?	AWS platform
7	Is there a mandate on course which the students need to take or shall all courses will be visible for the students?	All courses will be visible for all users.
8	Given that the RFP does not specify a minimum course requirement, we would like to ask whether the number of courses has any weightage on the technical qualification evaluation. If there is no weightage, then what are the minimum number of courses required for a platform to qualify in the bid?	Yes

9	In the BOQ, it's noted that there are 4,00,000 licenses to be distributed over three years, with an estimated tender value of 3.5 Crores. The cost per license appears to be significantly lower than prevailing market rates. If a bidder is the lowest (L1) and their bid exceeds the estimated tender value, will it still be considered?	Yes
10	Is having a registered office located in India a non-negotiable requirement?	As per the existing RFP the entity should be registered in India.
